

Hosted by the University of New Mexico
on April 22 - 23

About This Conference

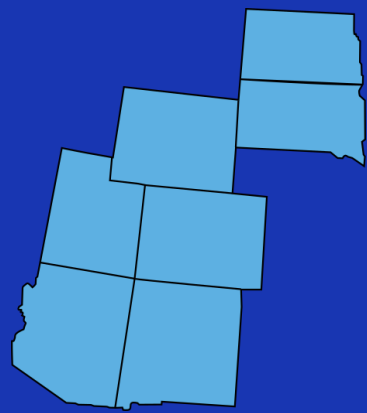

AIChE's Regional Student Conference is an annual event that attracts the best and brightest engineering students from across the Rocky Mountain region. The goal of this event is to provide an opportunity for serious-minded engineering students to come together to share their technical knowledge, compare notes on their university experiences, and make plans for the future.

There will be four exciting competitions:

- Chem-E-Car (Chemically Powered)
- Chem-E-Jeopardy
- Student Technical Presentation Competition
- Research Poster Competition

The winners will travel to AIChE's National Annual Meeting to compete against winners from eight other regions for the top prize.

We expect to have over 50 chemical engineering students from 7 states in attendance. We hope to provide food, lodging, and transportation for the attendees.

Why Be A Sponsor?

As a sponsor of this event, you will have an easy way to strengthen your organization's image through community involvement while also increasing brand awareness with eager engineers preparing to enter the professional workforce.

Sponsorship Packages

In addition to overall sponsorship recognition, sponsors will receive exclusive branding opportunities based on the package chosen with each sponsorship level.

All sponsors will receive recognition on general sponsorship signage and on the program book, a list of conference attendees, the option to distribute materials to attendees, and an invitation to attend the conference.

\$500

The Bronze package includes all benefits listed above

\$1000

The Silver package includes all benefits listed above in addition to:
